Changzhou Dongjia Decorative Materials Co., Ltd., Which located in Henglin town Changzhou city, specializes in manufacturing laminated flooring, PVC plank, WPC decking. Our company covers an area of 50,000 square meters, operates several German-made laminate flooring production lines. As a leading company in this field, we have an annual production capacity of 12,000,000 square meters of laminated floorings.

Dongjia pays high attention on the product quality. Quality control professionals and inspection procedures at every stage of the manufacturing process ensure that finished products comply with to European Standard EN13329. We have a complete set of lab test equipment for abrasion, thickness swelling, and formaldehyde release and so on. We comply to ISO9001 quality control and ISO 14001 environmental standard.

We have integrated into our marketing network effectively, so that we do not only distribute our products in China, but also export to over 30 countries including the United States, Canada, Russia, Portugal and other foreign markets. High quality standard and competitive prices has allowed us to become very successful in these markets.

To strengthen our position in the market and increase our sales volume steadily we are keeping dynamic and innovative. We are researching and developing new products, techniques, materials and equipment every year.

With high quality product and excellent service, we wish to establish long term, deeper and wider cooperation with the client all over the world.
